nacirema

I am Nacirema, the little Caveman, who
came here to A. F. High quite a while ago.

The school was very small then

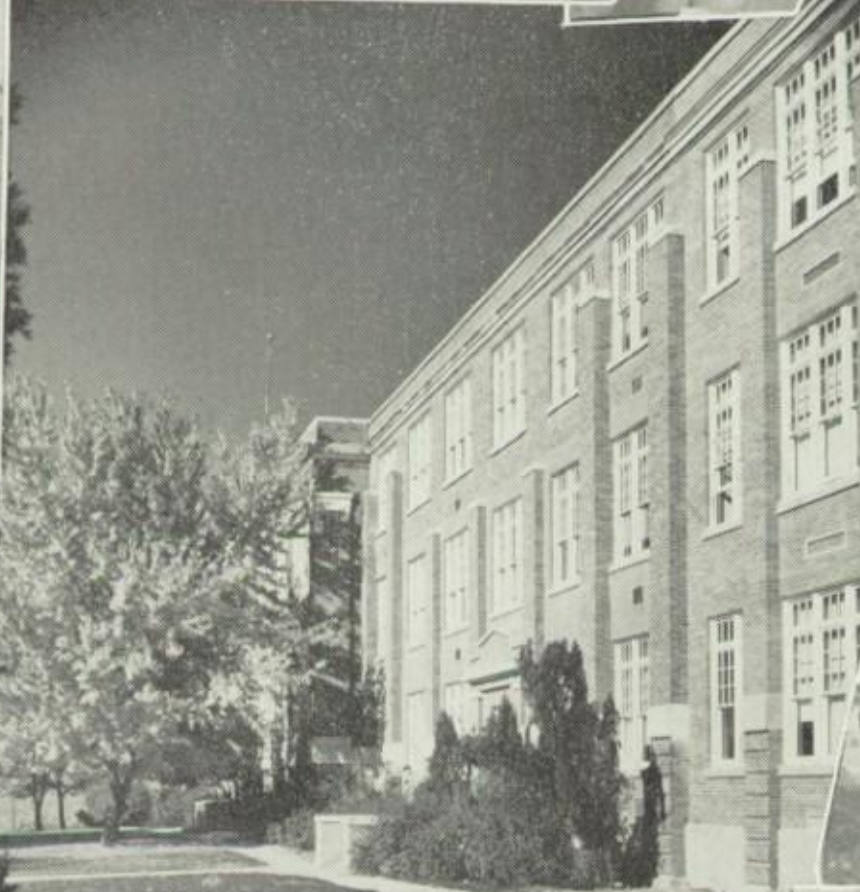

but now you should see it.

One improvement after another was added
until it has almost everything.

If you want to see just what I mean,

I suggest you look a little farther into
this book we now call "The American."

I'm sure you'll recognize the things I saw
at AF High during this present school year.

administration

Nacirema agrees wholeheartedly with all of the studentbody: Our principal and faculty members have nurtured us, helped us through our difficulties, sympathized with our many problems, and, above all, encouraged us and advised us in times of success as well as failure. We owe our undying thanks and gratitude to them for their outstanding leadership, their fine character traits, and the guidance they have given to lead us successfully through these past school years.

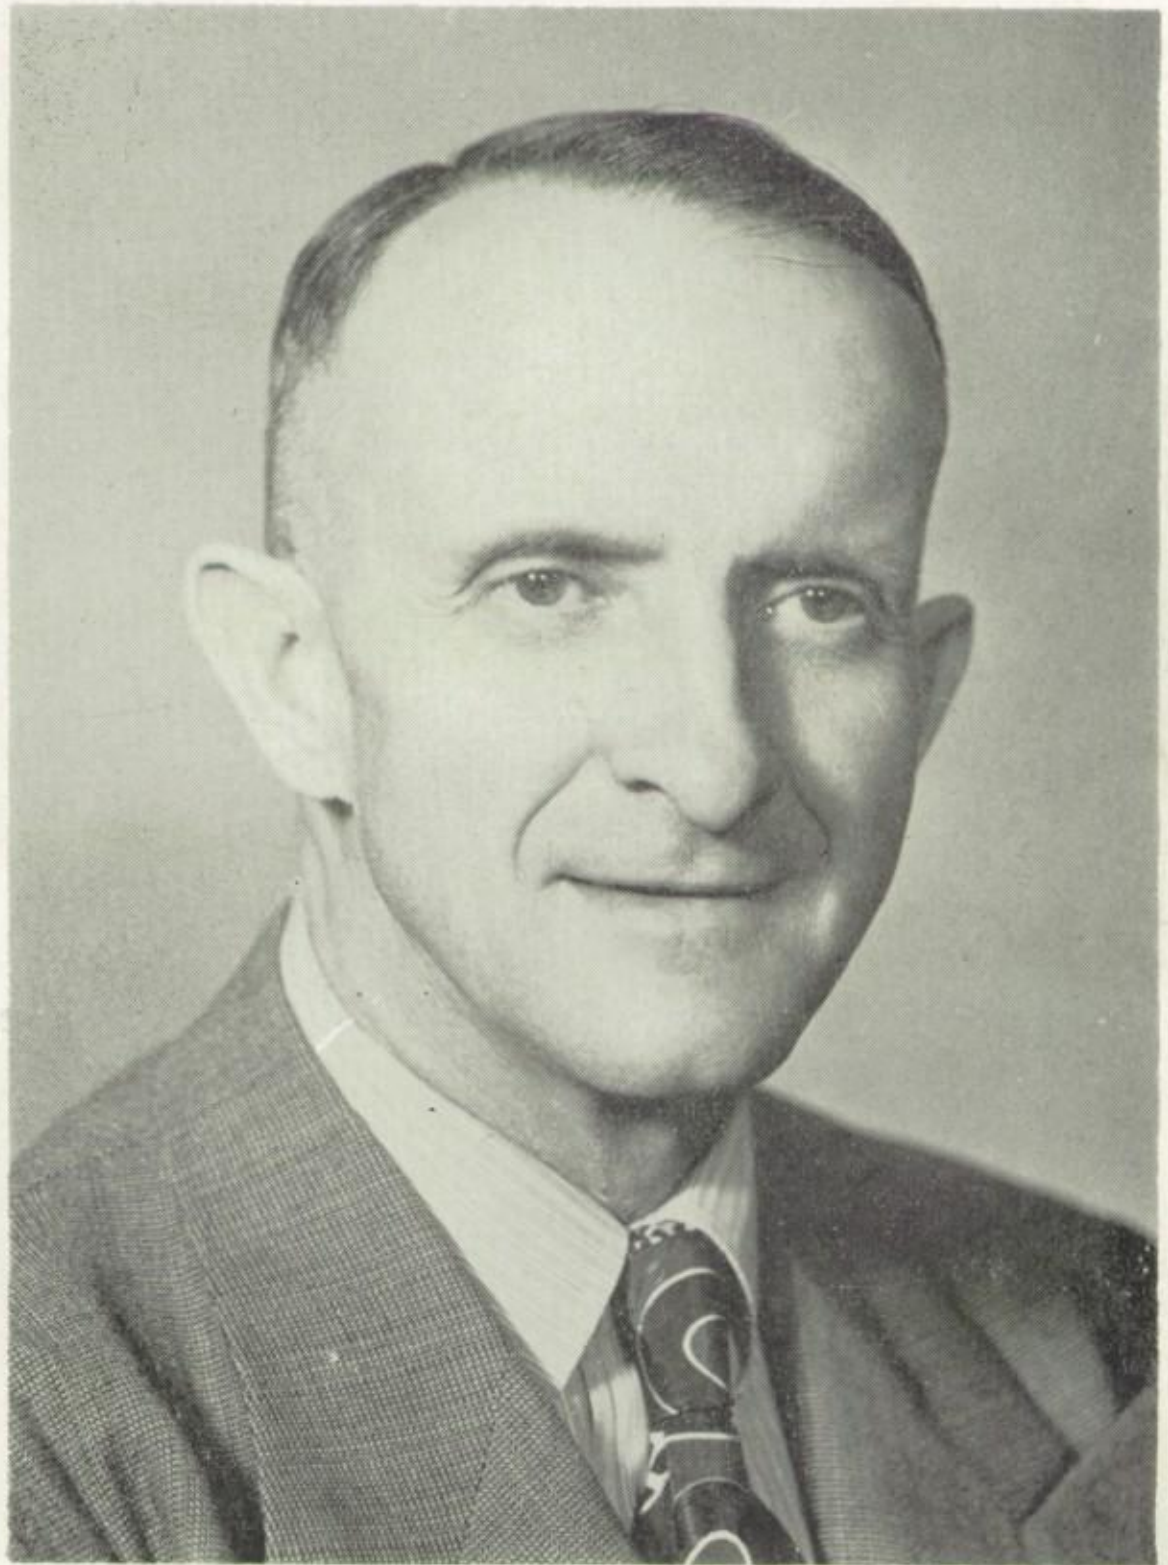

Jesse M. Walker

To Principal Walker: I know that in my caveman style I won't be able to thank him sufficiently for being what he is and has been to the students.

He has led them through happy, successful times and through adversities, never doubting their ability to solve their own problems. To them he really is a PrinciPAL.

Charlie plays a big part in the Cavemen's school. To him the students look for counsel and advice. He is ever ready with an outstretched arm and an open mind in helping them solve their problems. It can truly be said of him: "A good companion is he that helps in need".

Charles B. Walker

Does anyone realize just what the student council does for us? Some students pull a face and say, "Those lucky kids get out of class all the time." But have you ever witnessed a meeting? Problems of the school and the studentbody are carefully discussed, under the leadership of our competent officers, to determine what is best for us.

This student council brings democracy into our schools. Without it the students would have no voice in their school government.

We wish to express our gratitude to this organization for the fine work they are doing.

A simple line drawing of a person's legs and feet, wearing sandals. Several footprints are drawn on the ground, leading away from the person's feet in various directions. The footprints are simple, oval shapes with a small circle for the heel. The drawing is done in a sketchy, hand-drawn style.

senior hop

"island of paradise"

'Twas the night of our Hop and all through the gym,
Stillness prevailed 'till the dance did begin.
Decorations were hung in the gym with delight
In order to make it a beautiful night.
The stars in the sky and the moon up above
Helped fill the evening with romance and love.
The green palms were swaying with the music, it seemed,
And the silver moon o'er blue waters beamed.
Marrian and Paul, our chairmen supreme,
Made it possible to fulfill our dream.
The boat was anchored at the edge of the sea
The waves were whispering tenderly.
Joleen, Odell, Janice S., and Ron
Janice J. and Bob sang the "Pagan Love Song."
And after viewing with awe the wondrous scene,
The seniors realized that this was their dream.
Stories would be told of their Paradise Isle,
And in their memories it would live for a long, long, while!

"Come with me where moonbeams
light Tahitian skies."

OUR SWEET

Girls' Day King

Finally after all these years a boy is going to be represented in the queen's section. Chosen in a Girl's League Meeting was D. R. Brown, one of the most liked boys in this school. He was chosen for his dependability, personality, and looks. No one could have filled the bill better. As the knights, attending our king, are Paul Newman and Dale Greening.

F.F.A. Sweetheart

"Put your pennies here, only a penny a vote," was the call of the FFA and FHA club members as the big moment of their dance approached. Finally, after three days of battling it out, the cute sophomore, Marilyn Scholes, was chosen as representative.

As attendants were Jo Ann Scholes and Ada Mae Wild, two of the school's most deserving girls.

953 HEARTS

Valentine Sweetheart

In February the Forkaster published a paper expressing their views on their perfect Valentine Sweetheart. She has the red hair to go with our hearts. She is petite Merma Proctor, the belle of the ball. Her lovely attendants are Louise Duffin, with her sparkling personality, and Janice Spainhower, the songbird of A.F. High. These girls will always hold a special place in our hearts.

Homcoming Queen

Lovely Ada Mae Wild, our Homcoming Queen, reigned supreme over the annual alumni dance. Chosen by the football team, this pert little miss is their favorite one. Though small in stature this gal has an awful lot of punch behind that five feet.

This dance and its queen will long be remembered by the students, as well as the alumni of American Fork High.

american sweetheart

The proudest moment in any girl's life is when she is chosen for the honor of being a queen. Dixie Rhone, chosen by the students of A.F. High, had the happiest time of her life as, roses in hand, she was proclaimed as the American Sweetheart.

As her attendants were Carolyn Pulley and Bonnie Bennett, two of the lovelies of this school.

junior prom

tenderly

When the juniors picked their prom co-chairmen they were thinking right in choosing Marcia Noyes and Kent Robinson as the leaders of their most important event of the year. . . . The juniors worked very hard to turn the gym into an atmosphere of the "Old South," and success was theirs with the direction of their able co-chairmen and advisors.

Dear Louise

See I don't want to leave, I wish
we were coming back next year.
Now that we are the "mighty seniors"
I don't think I like it. I guess
noon of us will ever forget the
fun times we have had since
the 1st grade I know I won't.
Won't it seem funny not to come
back to "New Old A. High" ever
again?

Louise I think you're just perfect.
I really do. I hope so much will con-
tinue to be friends. Well I guess I'm running
out of room, so see ya, Love Dan.

Dear Louise,

bye, you guys! to be seniors
isn't it, or maybe it isn't, maybe it's serious. But
anyway were just about to take one of
the biggest steps in our lives, and
sometimes it makes me scared.
So me Louise you are the perfect lady,
in every action and in every deed. When
every I think of you I will remember
your beautiful voice. Louise wherever
you go I want to wish you luck and
success topped off with plenty of
happiness. Be nice to that
certain someone I would mention
names but maybe you wouldn't want
me to. I will never forget you Louise
or the good times we've had
together. Come to see me as
often as you would like

Well, another school year has passed and the "Mighty Seniors" of '53 are ready to graduate.

It's been a long, hard climb to the top and a few have dropped out on the way, but the majority have made it and accomplished much.

There are many memories of 1952-53 that you will want to cherish always in your hearts. Football, basketball, the hop, prom, school and club plays you'll want to remember.

We, your yearbook co-editors, would like, with

this book, to help keep those memories forever burning in your hearts.

We want to express our appreciation to Nacirema and everyone in the studentbody who helped to make this book a success. We hope you will enjoy it as you read it now, and continue to enjoy the "American" through the year.

It's been real,

to. You know where
you can find me.
Be good. Love

Dear Louis.
See it hardly seems possible that we're about to graduate. It seems like only yesterday that we were sophomores. It's really been fun having you as a friend, distant as it was. I enjoyed (??) walking to school to Pep Club with you on those cold bleak days, even though we hardly made it on time. We should go out for track - we've had perfect conditioning.

I hope I get to see you next year and this summer too. That is if you don't go off to the wilds of Yellowstone to work.

I think you're really a sweet gal Louis. And even if Don does think you're fickle it becomes you!!

We will have to get together in the years to come and throw a party, even if we can't find anyone to find our kids - so glad! that's something to look forward to??

Have fun at the 'if' next year, and don't have too much fun with all the guys - you philanderer you!

Be good, and luck always to a gal who deserves it.

Dear Louise,

Well faithful pal, what am I going to do without you to go every place with — (that is with the exception of the "few" times that you go with someone else.) Well sakes, I don't know what you are writing in my book but please don't make it too bad. I have really appreciated our friendship and I know that we'll always remember the wonderful times we've had though school. I don't think that we could ever have any ~~on~~ more fun than we have had during our school years. I remember (I spelled it wrong so I had to fix it) than when ever we would go any place all the boys would "Chase" after you and the rest of "us" would be left out in the cold!!! Now don't get married too soon after you graduate. (that is if you finally make it!!) Well Louise, I hope that you will write to me next year while I'm clear up there in the wilds of "Logan". Don't be mad at me because I really think that you are a "wonderful" but "marvelous" and even a "supreme" speller & I bet your kids will be to (all 26). I know you want your book so I won't be mean —

See ya —

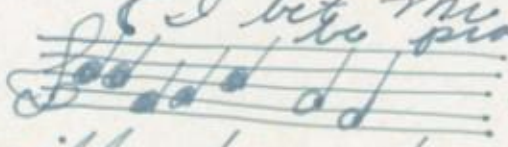

(somewhat if I Love Martha
am left-handed!!!) —93— Hoelscher
sakes!

Dear Louise.

Well it has been a long old road hasn't it? I still can't believe that we are the ones to march down the aisle.  (I bet my ^{Prud} ^{would} ^{be} ^{proud} ^{of} ^{me} ^{for} ^{that}) Pomp & Circumstances
But maybe we will be here next year if we don't pass Physiology.
(ok! hum! such ^{memory} ~~memory~~ details!)

Seriously Louise I have really enjoyed your friendship more than you know. I think you are a very lucky girl to be so cute ~~cute~~ and have such a darling Personality. It seems just like you know the right thing to say at the right time.

I hope that we can still have a lot of fun times before you get hitched with that cute blond. But if you do you will have to come and see us old maids really often. (Is that a deal?)

Now for my final wish. May you always have the best in life. May Luck & Success be yours in anything you undertake to do.

Thanks for being such a sweet Friend

Louise -

May 22, 1953

(Happy Birthday tomorrow)

What a year!

My emotions are so mixed lately. This is it - The big deal at last.

I couldn't possibly put in this little space how much your friendship has meant to me. I remember so well when we were little girls and used to sing all the time. We loved each other and shared our dreams & hopes and "little girl" secrets with one another. It has seemed to me that you and I have always been able to discuss anything even now that we are 18. I really appreciate that fact. You and your big brown eyes, beautiful smile & creamy complexion. It has always been an envy to me. I'll always remember our good times together as enjoyable memories. To you, the best always. To Clyde -- He already has the best.

Sincerely, Joleen D.

P.S. Have Fun!!!!

Hi Louise,

See, it seems so funny to think it
really is us who are graduating this
year. It's a little sad to think about
leaving the old school and all the kids we've
gone to school with for so long.

You're really a darling girl Louise,
and I've really enjoyed knowing you
and sharing your friendship.

I hope we can always be
the very best of friends.
Loads of luck and success
to a girl who really deserves the
best.

Loads of love

Dear Louise

I have really enjoyed knowing you these past years, it has been a pleasure. You are a swell girl with a cute personality. Your disposition (well lets not talk about that.) I never will be able to thank you enough for all you have done in the council. You were really swell. Well best wishes in all that you undertake in life. May your path be smooth + full of happiness. DON'T Believe that about your disposi.

A friend always.
